Rosemary (*Rosmarinus officinalis*)

A member of the mint family Lamiaceae, its name derives from Latin *ros marinus* ("dew of the sea").

Origin: South of France and Mediterranean regions

Element: Fire **Gender:** Masculine

Planet: Sun **Zodiac:** Leo

Magical Properties

Purification: Rosemary is known for its cleansing and regenerating properties. Burn a few leaves before a spell to purify the circle. In France, rosemary was burned in hospitals to purify the air.

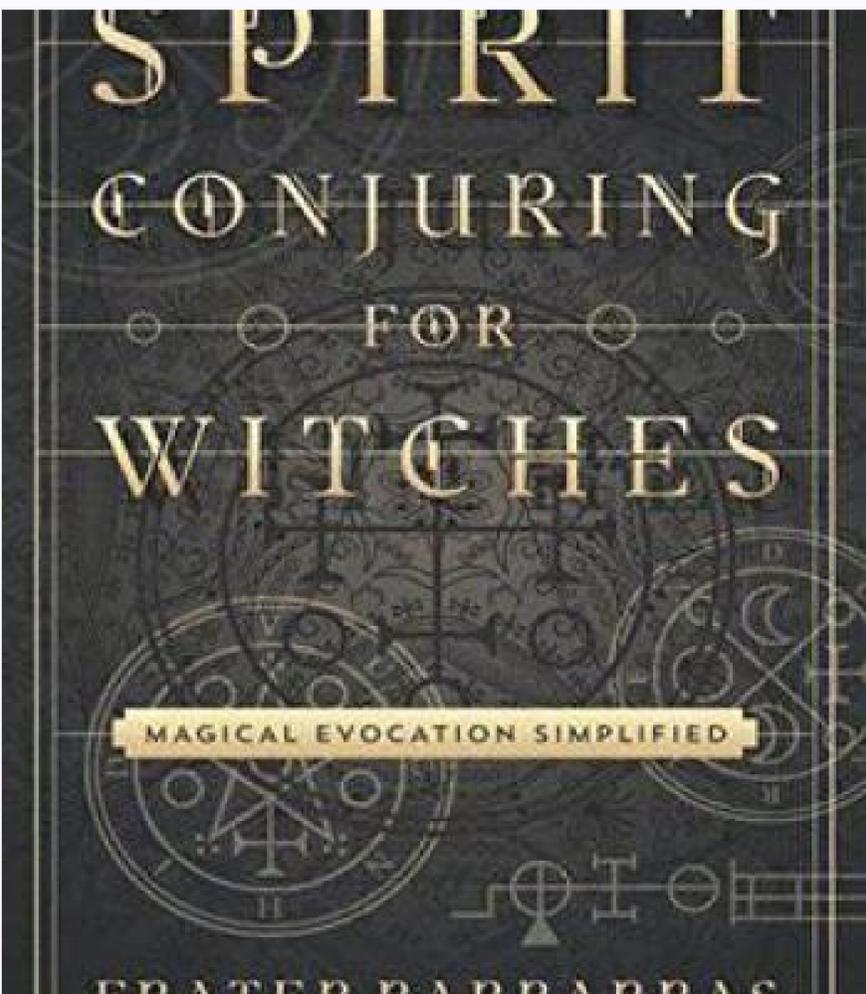

Memory and Dream Work: Rosemary is a popular herbal ingredient in spells for enhancing memory and even for dream work helping us remember dreams or past lives.

Medicinal Properties

Hair Growth: Rosemary essential oil stimulates hair growth when applied to the scalp. 5 drops of rosemary oil per ounce can be added to any hair care product.

Digestive Stimulation: The essential oil stimulates detoxification of the liver and regulates the release of bile. Drinking the tea will soothe indigestion, applying a topical cream will reduce cramping, and inhaling as a vapor eliminates nausea.

Contraindications: If you are pregnant or breast feeding, it is best to avoid rosemary in amounts larger than food amounts. Do not take large amounts of undiluted oil. Do not take if allergic to aspirin. Rosemary might increase the risk of bleeding and bruising in people with bleeding disorders. Rosemary might make seizure disorders worse.
